## Common Management Admission Test CMAT-2017

### ALL INDIA MERIT LIST

All India Council for Technical Education announces the All India Merit list based on the scores obtained by the candidates in computer based Common Management Admission Test CMAT-2017 conducted online exam on 28th and 29th Jan 2017.

- The merit list indicates Roll number, Rank and the Score of all the candidates. CMAT-2017 score is valid for the admissions of academic year 2017-18.
- The Scores obtained have been calculated by assigning:
  - o +4 marks for the correct answer
  - o -1 mark for incorrect answer
  - o 0 mark for no answer
- A national merit ranking has been arrived based on the Total Score. In case scores are same for more than one candidate, the ranking has been done on sectional score considered in the order of:
  - o Quantitative Techniques & Data Interpretation
  - o Logical Reasoning
  - o Language Comprehension
  - o General Awareness.
- In case more than one candidate secures same ranking as per the above criteria, the same Rank will be assigned to all of them but will be displayed by sorting their names alphabetically. The Rank of the subsequent candidate will then be extended by the number of additional students having the same Rank. For example if three students are at 25th Rank then subsequent student will be ranked as 28th.
- Percentile has been calculated using the formula:  

$$\text{Percentile } P = \frac{(N - \text{Rank of the candidate})}{N} \times 100$$
 (Where P is percentile and N is total number of candidates appeared for exam)
- The candidates would be able to download the electronically generated score card with complete details using their login details from <http://www.aicte-cmat.in> from 09th Feb – 8th Mar 2017. Separate Score Cards will not be sent by email or by post to the candidates.

Admission authorities and institutions, however, will be free to take their own decision at the time of admission as to what weightage they wish to give to a particular section.

Instances of incorrect information provided by the candidates, if detected at any stage, would make the candidate liable for disqualification
