Director's message

Motilal Nehru National Institute of Technology Allahabad has established itself as one of the premier institutes of India. Our alumni have made their mark in various fields and their achievements stand as a testimony to our endeavor and their hardwork. Established in the year 1961, MNNIT is an Institute of National Importance (INI) where students are equipped with the necessary skills that they create successful technologists and global leaders who can steer the world in the direction of growth and development. The confidence posed by the industries for our institute is indicated by the fact that 100% of our students are placed and are serving various leading global industries.

Prof. Rama Shanker Verma

Director Motilal Nehru National Institute of Technology, Allahabad

Prof. in-charge's message

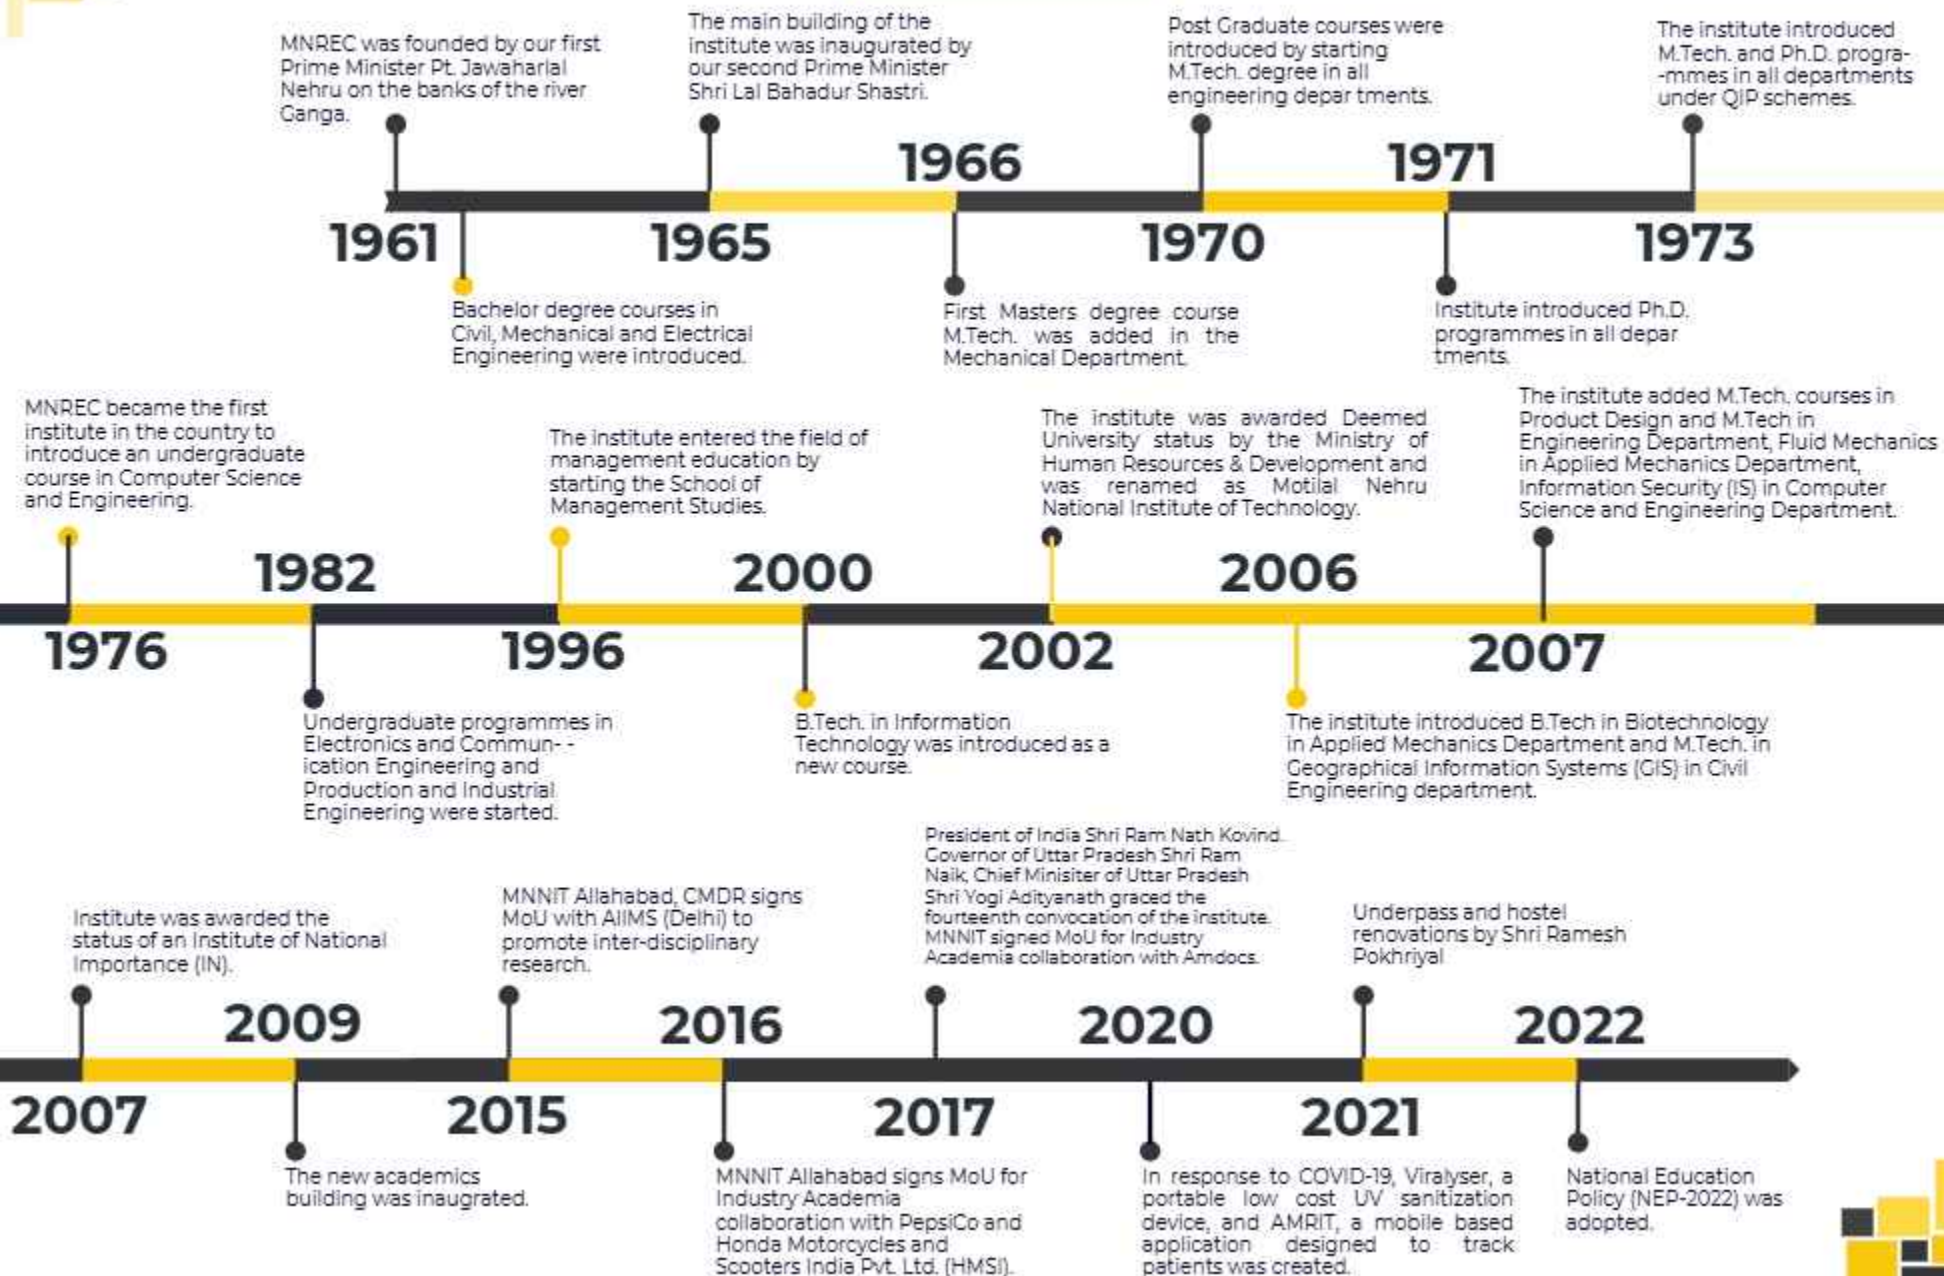

Motilal Nehru National Institute of Technology Allahabad carries a legacy of 50 years as one of the premier institutes of India. The technology is changing the world and it becomes a challenging task to cater the needs of the industry, but I am proud to say that MNNIT has faced the challenge successfully. This is possible due to outstanding efforts of the faculty and of the bright students who are selected after a stringent process. Our alumni have achieved tremendous success in all spheres and this bears an eloquent testimony to our efforts. I take pride in cordially inviting you to participate in our endeavor and look forward to welcoming you to the recruitment program.

Dr. Shivesh Sharma

Professor in-charge

Department of Training and Placements

TIMELINE

ACADEMICS

PROJECTS

It is mandatory for all B.Tech, M.Tech and Ph.D students to take up projects under the supervision of the faculty. These comprise the basic development of application oriented research projects.

ASSISTANTSHIP

Meritorious Post-graduates students are offered teaching assistantship which involves assisting instructors in practically everything related to the course.

ELECTIVES

In order to boost interest in other

Students are exposed to latest industrial practices through several industrial visits during their course. Students are also encouraged to undergo industrial training during their summer vacations.

INDUSTRIAL VISITS

CURRICULUM

Great emphasis during the classes is laid on core fundamentals and concepts. The examinations are designed to reflect the understanding of the fundamentals in practical fields.

III-CELL

The III-CELL promotes faculty members to visit industries to get technology information from the horse's mouth and also recognize industrial problems which can be handled by the Institute workforce.

ACADEMIC PROGRAMS

<p>Under-Graduate Courses (B.Tech)</p>	<p>The admission to various undergraduate programmes are held through JEE mains conducted by NTA. A few admissions are offered under the cultural fellowship exchange programs of the Govt. of India, Administered by the Indian Council of Cultural Relations(ICCR), New Delhi.</p> <ol style="list-style-type: none">1. Biotechnology2. Chemical Engineering3. Civil Engineering4. Computer Science and Engineering5. Electrical Engineering6. Electronics and Communication Engineering7. Mechanical Engineering8. Production and Industrial Engineering
<p>Post-Graduate Courses (M.Tech)</p>	<p>The M.Tech. programmes are offered by all engineering departments. The admission to these courses are on the basis of GATE(Graduate Aptitude Test in Engineering) scores.</p> <ol style="list-style-type: none">1. Computer Aided Design and Manufacturing2. Design Engineering3. Product Design and Development4. Production Engineering5. Thermal Engineering6. Biomedical Engineering7. Engineering Mechanics and Design8. Fluid Engineering9. Material Science and Engineering10. Environmental Engineering11. Geotechnical Engineering12. Structural Engineering13. Transportation Engineering14. Chemical Engineering15. Biotechnology16. Control and Instrumentation17. Power Electronics and Drives18. Power Systems19. Communication Systems20. GIS and Remote Sensing21. Microelectronics and VLSI Design22. Signal Processing Branch23. Computer Science and Engineering24. Information Security25. Artificial Intelligence and Data Science

ACADEMIC PROGRAMS

Masters in Business Administration (MBA)	<p>The admission are done on the basis of the Common Admission Test (CAT) scores, followed by personal interviews and group discussions of shortlisted students at MNNIT. The institute offers a two-year full time MBA programme, with specializations in the following disciplines:</p> <ol style="list-style-type: none">1. Finance2. Human Resources3. Marketing4. International Business5. System Management
Master In Computer Applications (MCA)	<p>This programme is offered by the Department of Computer Science and Engineering. The admission to this programme is based on NIT MCA Common Entrance Test(NIMCET) conducted by NITs.</p>
M.Sc. In Mathematics Scientific Computing	<p>This course is offered by the Department of Mathematics. Admission to this course is done through Joint Admission Test for M.Sc.(JAM).</p>
Ph.D.	<p>All the academic departments actively participate in Ph.D. programmes.</p>

STUDENT ACTIVITIES

AVISHKAR

Avishkar encompasses an entire gamut of events that test the technical skills and thought process of aspiring engineers from all engineering branches with problems that can check technical as well as intellect knowledge events like 'Online programming', 'Robotics', 'Hardware and Software Designing', 'Paper Presentation'. Provide Perfect stage for young minds to display their talents. It witness participation from eminent college like IITS, NITs and other engineering colleges with companies like DELL, L&T, On-Mobile, TCS and many more extending their support by sponsoring events.

CULRAV

Culrav is the annual cultural fest of MNNIT Allahabad. We have breathtaking competitions, glamorous pronites and appealing informal events due to which Culrav has attracted humongous footfall from colleges all over the country. It has numerous event categories from dramatics, dance, arts, music, fashion, literary, photography and film-making. Culrav is generally held over a duration of 4 days. Every year a theme is chosen and for

HACK 36

A 36-hour tryst with gizmos infused with youthful energy and a relentless drive for development we had the 5th edition of the annual Hackathon conducted by Computer Science Department, MNNIT Allahabad. Hack36 holds in store challenges expecting to be conquered and solutions awaiting to be uncovered, for all the tech-savvy and geeks, coders and development enthusiasts. This year we had more than 1200 teams (including 100+ colleges) registrations out which 641 hackers participated after shortlisting. The teams competed for the opportunity to win prizes worth 20 lakhs.

STUDENT ACTIVITIES

PROSANG

"ProSang" (Prodyogiki Sangam), an initiative to bring together a talented and technically skilled group of people to showcase their scientific prowess in the form of actual projects as well as ideas in fun and challenging tech-based events. It's a three day event which consists of Technical events from various domains like Aeromodelling Club, Robotics Club, Energy Club, Computer Club, Electronics Society, SAE Club & Mechanical Society. The tech summit "ProSang" showcases the reservoir of talent and skill possessed by our college.

RENAISSANCE

रिनाइसंस

Renaissance, an entrepreneurship summit, under Design Innovation and Incubation Center (DIIC) envisages to support innovative ideas of an individual or a group of individuals in areas related to the development of new products or goods for the benefit of mankind and/or novel approaches addressing social issues for inclusive development of the society. It also intends to bring together technologists, engineers, medical professionals, business analysts to develop all inclusive innovation that creates an impact on the quality of life through talks, discussions and workshops.

ELOQUENCE

ELOQUENCE
2021

Eloquence, the annual literary fest of MNNIT, is a platform that attracts the literary enthusiasts to showcase their talents in the field of literature. Organized by the MNNIT Literary Club, Eloquence is verily the seat of most of the intellectual discussions in the campus, attracting literatis with multifarious belief systems, transcending all the existing ideological boundaries. Amateur or experienced, it caters to all who have an imaginative and creative cluster of neurons

STUDENT ACTIVITIES

TEDx

TEDx conferences are held around the world with the intention of imparting knowledge, provoking thought, and stirring action. To encourage these principles among a youth audience, TEDx team of MNNIT hosts TEDxMNNIT, where people from various backgrounds gather under the same roof to inspire our college community. Our past speakers have ranged from ISRO scientists, martial arts masters, Padmshree awardee to tribal rights advocates. Such speakers and our ambitious audience have established TEDxMNNIT as one of the flagship events of our college in all its iterations.

BIO SANGAM

Biosangam is an international conference organised by the Department of Bio-Technology Motilal Nehru National Institute of Technology (MNNIT) Allahabad in aim to promote excellence in scientific knowledge and innovation in biotechnology related disciplines to motivate young researchers. It also aim at providing deep insights into innovations, challenges and growth opportunity in diversified domains of Bio Technology.

SAE India club, MNNIT

“ SAE INDIA COLLEGIATE CLUB OF MNNIT was founded in 2014 with Mechanical Engineering Department under SAE INDIA to train students to gain skills in the field of Automobiles and new Industrial technologies. Under the Club, students are Involved in various Design and Manufacturing based Projects of Electric Vehicles and Gasoline Vehicles. Further they participate in numerous National and International events like - SAE Baja, SAE Supra, SAE Efficycle Vehicle, Go Karting, Shell Eco Marathon. Apart from these Projects, students are also involved in multiple mini-projects that range from Battery Management System, Fuel cell technology, ABS, Regenerative Braking, Robotics Arm simulation to Topology Optimization of various Mechanical components and implementation of Artificial intelligence and Machine Learning in core fields. All the Projects Involve different learning that Includes, Process Planning, Design, Analysis, Manufacturing, Optimization, Quality Control, etc along with transforming their overall personality by developing Team Work, Leadership skills in the students. ”

Robotics Club & Aeroclub

“ Roboclub is a diverse group of robotics enthusiasts from all the departments of the college. The club is a student body which runs under the umbrella of Student Activity Centre MNNIT ALLAHABAD. It build robots for academic purposes, to compete at national even. ”

Aeroclub

Flying is an irresistible passion for all of us!

Being one of the new clubs to be founded, the club has envisioned the dream to fly . The club witnesses active participation with members from diverse branches of engineering and of different age groups. Regular workshops and timely meetings have kept the club active throughout. ”

Energy Club

Energy Club

“ Energy Club was founded in 2018 and since then it has served as a platform to enable students to work on projects during their academic session and improve upon their practical know-how. The student members are mentored by final year undergrads and get an opportunity to work in teams throughout the academic year. Some projects on their way in Energy Clubs are:- 1. Single phase SPWM inverter. 2. Hotspot detection in Solar Energy farm using drones. 3. Electric drive control system design for SCIM for EV. ”

MNNIT CC Club

“ Computer Coding (CC) Club is the oldest technical club of MNNIT, recognized by Student Activity Centre (SAC) in 2016. Under this club we create a platform for students to gain assistance and mentorship by conducting classes throughout the year for competitive coding, JAVA/OOP, web development, android development, machine learning, blockchain etc. With the support of the club, 9 MNNIT teams qualified for ICPC 2021 and many students bagged top ranks in Google Kickstart, Google Hash Code and Facebook Hacker Cup. In the field of open source, one or two students qualify for GSOC every year.

”

Electronic society

“ Electronics Society is a group of students lead by final year seniors of UG and PG courses of Electronics and Communication Engineering Department. The motive of this society is to help juniors understand the concepts which are not explained in the curriculum but are important to meet the requirement for a silicon core industry job. Some of these concepts and technologies are FPGA, IoT, Embedded systems, VLSI technologies etc. Various projects are also be completed under this society to give the juniors some hand on experience related to various current high demand core industry technologies.

”

MNNIT Literary Club & MNNIT gnosis Quiz Club

“ Literary Club, MNNIT

MNNIT Literary Club, where students discover their hidden literary side and step out of the established boundaries. The club provides ample opportunities to budding poets, writers and debaters to showcase their talent by conducting competitions throughout the year. Poetry Slam, stand-up comedy, parliamentary debate, storytelling, talk till you drop, MUN and MIP; the club organises a plethora of activities for literati throughout the year. The sheer dominance of the literary club was felt in SPRINGFEST 2019(CULTURAL FEST OF IIT KGP) where it bagged 1st position in National Level Debate Championship.

GNOSIS MNNIT QUIZ CLUB

Gnosis, derived from Ancient Greek, translates to having knowledge of spiritual mysteries and on the same path are the members of the club. The Quiz Club is one of the most active clubs of the institute with a plethora of quizzes exploring diverse range of genres. The club apart from regular SAC quizzes also organises 'Gnosiomania', the flagship quizzing event of MNNIT Allahabad which hosts Quizmasters and quizzers from all over India. Gnosiomania'19 saw the presence of two renowned Quiz Master, Somnath Chanda and Adityanath Mubai. The club celebrates a rich quizzing legacy, many of the former club members have made MNNIT Allahabad proud at National Level Quizzes like Tata Crucible Campus Quiz, SBI Numero Yono Quiz etc.

”

Student Mentorship Programme (SMP)

“ An initiative for juniors by their seniors. The programme offers a solution to all the problems that a student faces . The idea of this programme was to start a culture of guiding students in college and build an environment of "HOME-AWAY FROM HOME" . So, with these thoughts in mind, the foundation of Student Mentorship Programme was successfully laid in 2019 with a group of active participants with rich and diversified experiences as well as achievements. This concept of Mentor- Mentee implemented through this program has it's roots in the concept of "Gratitude" that our college possess from a very long time. SMP therefore tries its best to maintain this legacy and promises to provide unceasing counsel to every junior, encouraging and helping them in achieving their goals and dreams, thereby enriching their lives.

”

INSIGHT

TO OUR BRANCHES

COMPUTER SCIENCE and ENGINEERING

MNNIT Allahabad proudly introduced the country's first B.Tech Computer Science and Engineering program in 1977. The department offers undergraduate, postgraduate, and doctoral programs in computer science and information technology, attracting bright students from across the country. With experienced faculty, it covers various areas of computer science and IT, including parallel computing, algorithms, software engineering, networking, databases, data mining, artificial intelligence, and more. Collaboration with other departments enhances teaching and research activities. The department has also developed in-house software solutions for recruitment, student information management, and crowd management during significant events like the Kumbh Mela. The dedicated faculty members are committed to achieving the department's mission aligned with the institute's vision.

MECHANICAL and PRODUCTION

Started in 1961, Mechanical Engineering Department is one of the most premier departments of MNNIT. Applying the principles of design, manufacturing and maintenance of mechanical systems it focuses on making future engineers industry ready by giving them practical experience in form of various projects on Automobile systems and Electric Vehicles with SAE CLUB MNNIT. With highly advanced laboratories, students are encouraged to learn the production of parts and operation of machines and tools along with process planning, quality management and operations management. By conducting industrial visits, experts seminars and carrying out research the department created a strong technical foundation for the society and served as a leading contributor towards making India technologically strong.

INSIGHT

TO OUR BRANCHES

ELECTRICAL

The Electrical Engineering Department came into existence in the year 1961, with the objective to produce technical man power of high quality and promote research and development activity in Motor technology, transformer design, power engineering and tele-communications.

Seminars based on latest technologies keep our students in pace with current trends of the market of

electricals. Club Activities take up myriad project related activities providing a constant scale of inputs into by the students. Preparing in young minds a commitment to serve the society and to foster cutting edge research in Electrical Engineering pertaining to the problems currently faced by the country and the world.

CIVIL

Consistent top ranks are held by the students in the national level highly competitive ESE and GATE exams. These students are given exposure to on-site experiences via specially designed events in Technical Fest. Workshops, events and conferences are organized throughout the session and welcomed by participation in huge numbers from the region. Apart from practical development, Civil Engineering students have published research paper in IIT Bombay, Transport Engineering.

INSIGHT

TO OUR BRANCHES

CHEMICAL

Department of Chemical Engineering, formed in 2012, is ranked among the nation's top schools in Chemical Engineering and is endowed with a highly competitive undergraduate program. The department imparts a fine balance of fundamental knowledge, practical exposure and novel concepts. It has not only achieved excellence in fundamental research but also contributed to the chemical industry through its expertise in process engineering and simulation and modeling.

Chem Conflux 2020, the multi-disciplinary international conference gave insights about the latest development in sustainable technologies for energy and environment.

The department also has a number of research projects going under CSIR, UGC etc. related to polymer technology, Catalytic reactions, Nanotechnology, Industrial waste treatment & recycling etc.

ELECTRONICS and COMMUNICATION

The Department of Electronics & Communication Engineering came into its independent existence in year 1996. The department deals with Analog & Digital Circuit Design, Data Communications & Networking, Wireless and Optical Communication, VLSI and Microcontroller, Embedded system and Robotics coupled with coding and other IT perspectives. VCAS (one of the biggest international Conference on VLSI, Communication and Signal Processing) is organized by ECE department. It aspires to bring together research professional fraternity for the discussions and exchange of information on advances in VLSI, Communications and Signal Processing.

ECE department has state of the art research laboratories in the area of VLSI design and technology, MEMS and sensors, embedded systems, cognitive radios, MIMO technologies, RF and microwave engineering.

BIOTECHNOLOGY

Department of Biotechnology was established in 2012 with the objective of integrating life sciences with engineering and to develop cutting-edge technology through research, training and technological innovation. Biosangam (India's biggest International conference on biotech interventions for societal development) is organized by Biotechnology Department at MNNIT. The department has undertaken numerous research projects with financial assistance from MNRE, DBT, DST etc even during the Covid-19.

ACHIEVEMENTS

Ranked 2nd among NITs in placements by NIRF Ranking 2019 according to past three years placement records

Ranked 3rd among all NITs and 12th among all Engineering Colleges (including IITs) in terms of Graduation Outcome (NIRF 2023)

Ranked 2nd among all NITs and 7th among all Engineering Colleges (including IITs) in Placement & Higher Studies (GPH)(40) (NIRF 2023)

Ranked 1st among Engineering colleges of super excellence in CSR-GHRDC engineering colleges survey 2014

Ranked 10th among Institutes of National Importance in Atal Ranking (ARIIA) 2021

Ranked 3rd among all NITs and 22nd among all Engineering Colleges (including IITs) in terms of Median Salary (NIRF 2023)

Ranked 1st among Northern NITs by Ministry of Human Resource and Development (NIRF) in 2016

Ranked 3rd among Engineering colleges of super excellence in CSR-GHRDC engineering colleges survey 2011

Best Engineering Institute in North ranked first by ET now Economic Times Survey

MNNIT bags outstanding Engineering Institute (north) award

IEEE outstanding branch counsellor award to MNNIT students branch

MNNIT bags national B-school award by ABP news initiative

CONNECTIVITY

New Prayagraj Airport inaugurated by PM Modi which is well connected with all the major cities.

INDIGO 6E-5998 (BLR) INDIGO 6E-5914 (BOM) AIR
INDIA AI-9603 (DEL) INDIGO 6E-2037 (DEL)
and many more.

Allahabad city, on **National Highway 2 and 27**, is connected to all parts of the country by roads and easily available transport. The important neighboring cities to Allahabad are:

Varanasi -124 Kms. Lucknow - 198 Kms.
Kanpur -193 Kms.

Being the headquarters of the North Central Railway Zone, the city is well connected by trains with all the major cities namely Mumbai, Delhi, Chennai, Hyderabad, Kolkata, Indore, Lucknow, Bengaluru.
