Gurugram | Greater Noida

IILM

LODHI ROAD, NEW DELHI

PLACEMENT BROCHURE 2026

The IILM Blueprint

OUR 'WHY'

Deep Purpose

To nurture **responsible leaders**, **compassionate innovators**, and **global citizens** who create inclusive, sustainable value for society. We do this by providing a **transformative, values-based learning** environment where human connection, entrepreneurial courage, and intelligent technology converge.

OUR 'WHAT'

Vision

To be India's most **innovative** university, preparing **leaders with purpose** for the opportunities of tomorrow.

OUR 'HOW'

Mission

To empower a **diverse community of learners** through **progressively** AI-integrated education, **emerging** research capabilities, and real-world experiences, fostering **innovation** and cultivating **human connection** to create **meaningful** solutions for India and **beyond**.

About Us

IILM is an innovative and purpose-driven institution offering multidisciplinary programmes in Management, Computer Science & Engineering, Law, Psychology, Design, Journalism & Communication, and Liberal Arts.

We are committed to empowering students with an education that not only challenges their intellect but also seamlessly connects with the real world. We go beyond textbooks, fostering a dynamic community of learners who embrace innovation, interdisciplinary thinking, and social responsibility.

Established in 1993, IILM is a distinguished higher education institution with multiple campuses strategically located in Gurugram, Greater Noida, and Lodhi Road, New Delhi. The year 2018 marked a significant milestone as the Gurugram campus was granted university status by the Government of Haryana. Similarly, in 2022, the Greater Noida campus attained university status under the Uttar Pradesh Private Universities Act.

Summer Internship Programme

The Summer Internship Programme (SIP), offered between April and June, serves as a bridge between academic learning and real-world business challenges. Designed to provide students with hands-on industry experience, the programme allows them to apply theoretical knowledge in practical settings, enhancing their professional skills, adaptability, and problem-solving abilities. Our students intern with leading organisations across diverse sectors, gaining exposure to emerging industry trends, corporate work culture, and professional networking. These internships often lead to pre-placement offers (PPOs), equipping students with a competitive edge in the job market. With strong industry collaborations, IILM ensures that students receive valuable insights and mentorship from top professionals, preparing them for successful careers ahead.

Corporate Engagement & Career Services

The Career Services Department at IILM is a dedicated, professional team that leverages strong industry connections to bring top recruiters for placements and internships. The team plays a crucial role in guiding students through their career journeys, ensuring they are well prepared to seize professional opportunities.

We go beyond job placements by enhancing employability skills through résumé and case study workshops, mock group discussions, and mock interviews. This comprehensive approach equips students with the confidence and expertise needed to excel in recruitment processes.

Our structured and transparent approach ensures continuity in recruiter relationships and sustains a robust, reliable placement ecosystem.

Corporate Readiness Programme

IILM University diligently prepares students for their career aspirations through a holistic and hyper-personalised Corporate Readiness Programme (CRP). Instead of simply telling students what to do, the programme guides them through a step-by-step journey to secure their desired careers.

While CVs and mock interviews are important, our approach focuses on building the Mindset, Skillset, and Toolset of students. The Career Selection Process forms the foundation for long-term success, beginning with the “Know Yourself” module, which offers in-depth insights into various sectors and roles.

This is followed by one-to-one sessions to design each candidate’s Career Roadmap, along with structured training on essential skills and tools. Mentors from diverse industries provide hands-on guidance, ensuring that our students are truly career-ready.

Clubs and Activities

► **Clubs:** Our vibrant student life is enriched through a variety of academic and cultural clubs that empower students to explore their interests, develop skills, and create lasting memories.

Academic Clubs provide a platform for applying theoretical knowledge to practical scenarios. They encourage experimentation, host expert talks, and nurture analytical thinking and innovation. Signature events include:

- **Mosaic** – Annual Cultural Fest
- **Ignite** – Technology and Innovation Fest
- **Sports Fest** – Inter-departmental competitions and games

Cultural Clubs promote creativity and holistic development, instilling leadership and fostering community engagement beyond the classroom.

With over 20 active clubs and societies, students enjoy diverse opportunities to grow intellectually and socially. For the full list of clubs, please refer to the attached document on Clubs and Societies.
