The Week Survey 2025

Outlook I-Care B School Survey 2026

Established in 2005, Symbiosis Institute of Operations Management (SIOM) is a distinguished institute with a niche focus on operations and supply chain management in Nashik, Maharashtra, India. Operating under the umbrella of Symbiosis International University, it has solidified its reputation as a highly regarded educational institution.

SIOM offers a two-year full-time MBA program in Operations Management, which is designed to develop managerial skills and knowledge in the field of operations and supply chain management. The program covers a wide range of topics such as logistics management, operations strategy, quality management, project management, and supply chain management and the curriculum is constantly updated with current trends such as Blockchain Technology & Supply Chain Analytics.

The Institute has a strong industry-academia interface, with partnerships and collaborations with various leading organizations in the industry. It also provides opportunities for students to participate in various conferences, seminars, and workshops to enhance their knowledge and skills.

SIOM has a state-of-the-art infrastructure and facilities, including a library, computer lab, hostel, cafeteria, and sports facilities. The institute also has a dedicated placement cell that helps students secure job opportunities with reputed companies in various industries.

Overall, SIOM is a highly regarded institute in the field of operations management and is known for its quality education, strong industry connections, and excellent placement record

DIRECTOR'S MESSAGE

I am pleased to present the Interim Placements Report for 2024-26, which underscores the academic rigor and specialized expertise that define the Symbiosis Institute of Operations Management (SIOM).

As global markets transition into a decade centered on Operational Excellence, the demand for professionals who can navigate complex supply chain landscapes has reached an unprecedented peak. SIOM remains uniquely positioned as India's only institute dedicated exclusively to this domain. We take pride in transforming our students into "Business Techno-Professionals"—leaders equipped with the technical competency and value-based philosophy required to drive organizational growth.

Our sustained credibility among recruiters stems from a robust mentorship program and a strategic industry interface that integrates real-world insights into every stage of our curriculum. This synergy has resulted in our students securing high-impact roles, including:

- Process Excellence & Network Optimization,
- Procurement & Strategic Demand Planning,
- Financial Consulting & Supply Chain Strategy.

While the Manufacturing sector led our recruitment drive, we saw significant participation from the Consulting, IT/ITES and Retail, FMCG & Logistics industries. This broad interest underscores the universal value of an SIOM education in today's interconnected economy.

Looking ahead, we are committed to further elevating our standards through new strategic collaborations and alliances with pioneering industry leaders. By fostering these deep-rooted domestic partnerships, we aim to integrate cutting-edge local innovations and evolving industry best practices into our campus. We remain dedicated to building the capacities of future managers who will lead the next frontier of operational excellence.

- Dr. Vandana Sonwaney

CORPORATE RELATIONS HEAD'S MESSAGE

Symbiosis Institute of Operations Management (SIOM) remains a trailblazer in "Operations Excellence," consistently setting new benchmarks in placement performance. As Supply Chain and Operations evolve from cost centers into primary growth drivers, SIOM's specialized curriculum-infused with data-driven decision-making, sustainability and digital transformation-ensures our graduates are architects of organizational success.

Our students' readiness is forged through a rigorous ecosystem:

- **Industry Integration:** High-impact forums like the HR Summit and Tattv facilitate direct engagement with global thought leaders.
- **Alumni Mentorship:** A structured network of industry veterans provides students with the strategic foresight needed for rapid career progression.
- **Holistic Skill-Building:** Certifications and pre-placement training align student competencies with the sophisticated demands of the modern market.

Driven by a commitment to the UN Sustainable Development Goals (SDGs), SIOM fosters partnerships that prioritize inclusivity and innovation. This year, our talent pool has secured pivotal roles in Supply Chain Strategy, Sourcing & Procurement and Operations & Business Analytics cementing our position as a premier talent hub for the future of business.
