

# Dayananda Sagar College of Engineering

(An Autonomous Institute Affiliated to VTU, Approved by AICTE & ISO 9001:2015 Certified)  
(Accredited by National Assessment & Accreditation Council (NAAC) with 'A' grade)

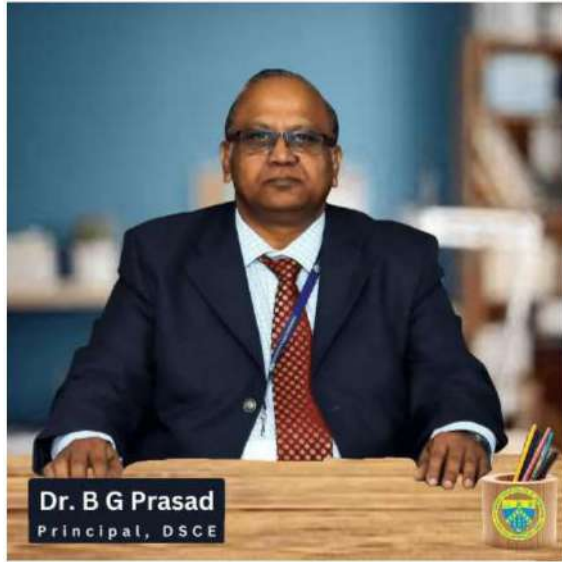

## Placement Report

2022 - 2024

## From the Principal's Desk

**Dr. B.G. Prasad**  
Principal, Dayananda Sagar  
College of Engineering

“Greetings from Dayananda Sagar College of Engineering!!!

Success is inevitable where there is foresight, firm determination, hard work, and discipline. At DSCE, we imbibe these tenets as we shape our students into socially responsible citizens by inculcating the right values. Holistic development of our graduates is paramount and to this effect, we lay emphasis on imparting sound conceptual knowledge, coupled with skill-building and value-added programs. Trained and mentored by highly talented, competent, and dedicated professors who endeavor to create an enjoyable learning experience. Our graduates transform to take the world head-on.

”

**Dr. K. G. Hemalatha**  
Professor & Head,  
Dept. of Management Studies

“Greetings from Department of Management Studies, DSCE!!!

The graduates of our flagship MBA program proved their mettle and successfully placed in various industries for the year 2024. This once again endorses our efforts in imparting quality education and producing employable graduates. We continuously make greater strides to deliver academic excellence by well-designed management programs with industry-ready curriculum, deeper industry engagements, carefully designed training programs, clubs, and activities that synergies further to their career development.

”

## From the Placement Director's Desk

**Dr. Sanjay K**  
Director, Corporate Relations &  
Student Placements

“Greetings from Corporate Relations and Student Placements!

“Everything comes to us that belongs to us, if we create capacity to receive it”- Gurudev Rabindranath Tagore.

As we draw our inspiration from these ever-pertinent words of Gurudev, Placements at DSI PG Management Programs is entirely focused on capacity creation in students, comprising of Student Profile Upliftment, Industry Preparedness followed by Placements. We continue to expand our industry partnership by empaneling with top corporates as a campus of choice to recruit our Management graduates. We place utmost importance in nurturing relationships with the existing recruiters and constantly look out to foster new ones for upcoming placement season.

”

**Prof. Darpana Singh**  
Placement Officer

“Greetings from Placement Cell.

DSI is working closely with many corporates for more than Four decades for student Internships and Placements. More than 250 companies visit us every year for Internships / Campus placements. We have signed MOU with more than 50 companies for helping students in Projects / Internships/ Industrial visits / Research and Placements. We have achieved a very good record for placements (above 95%). The placements and Developments center also conducts several training and pre-placement activities for the students that help them in performing well during the interview process. We have a close working relationship with industry in order to place students.

”

# The Institute

Dayananda Sagar College of Engineering (DSCE) was started in 1979, by Sri. R. Dayananda Sagar, a great visionary, under the aegis of the Mahatma Gandhi Vidya Peetha Trust. DSCE is an autonomous institute affiliated to Visvesvaraya Technological University (VTU). It is approved by AICTE, is ISO 9001: 2015 certified and accredited by National Assessment and Accreditation Council (NAAC) with an 'A' grade. It has the widest choice of Engineering branches and offers 20 Undergraduate courses & 6 Post Graduate courses. It has 18 Research centers in different branches of Engineering and Management catering to research scholars for obtaining a PhD under VTU. DSCE has the following Departments: Artificial financial Intelligence and Machine Learning, Aeronautical Engineering, Automobile Engineering, Biotechnology, Computer Science and Engineering, Computer Science and Design, Chemical Engineering, Civil Engineering, Electrical & Electronics Engineering, Electronics & Communication Engineering, Information Science and Engineering, Electronics and Instrumentation Engineering, Mechanical Engineering, Medical Electronics Engineering, Electronics & Telecommunication Engineering, Physics, Chemistry, Mathematics, MBA, and MCA.

## Vision

To impart quality technical education with a focus on research and innovation, emphasizing on development of sustainable and inclusive technology for the benefit of society.

## Mission

- To provide an environment that enhances creativity and Innovation in pursuit of Excellence.
- To nurture teamwork in order to transform individuals as responsible leaders and entrepreneurs. To train the students to the changing technical scenario and make them to understand the importance of Sustainable and Inclusive technologies.

## The Department

Established in 2006, the department's flagship program is a 2-year MBA affiliated to VTU (AICTE approved). Crafted to guide the students through a period of self-discovery, the pedagogy takes the students on an exploratory journey. Students can 'deep-dive' in the areas of their preference with the department offering specializations in Analytics, Finance, Human Resources (HR), Operations, Marketing, International Business, and Information Technology. Live industry exposure by functional area study, Industry visits, and domain-specific problem study opportunity for each student.

The Department also offers Doctorate of Philosophy (Ph.D.) in Management from VTU with a recognized research center.

Students' communication skills are refined in the Writing Lab and the Voice, Articulation, and Debate Lab.

Graduates' skill sets are also built in the Microsoft Excel and Data Visualization Labs, as well as the Digital Marketing Lab, R & Python Labs. Venture Lab, IEDC (Innovation and Entrepreneurship Development Cell),

And DERBI's incubator and ecosystem facility foster entrepreneurial culture.

The prime focus of initiating students into specific clubs is to prepare them for their domain specific knowledge and hone the skill sets. It also helps represent the diversity among students. Along with an opportunity to interact with others in the same field of interest, it also provides them the chance to meet with alumni and industry experts from their fields of interest, while building their network and exploring career paths. Various department level activities, technical workshops and training sessions are conducted to cater to individual domain requirements so that students can make an informed decision when choosing their career.

### Maslow's Club (HR Club)

Human Resources isn't a thing we do. It's the thing that runs our business." With this in mind, the HR Club was formed to provide students the skills that would enable them to help run businesses, while opening up channels of communication with industry experts to give them the opportunity to know more about real time situations and updates.

### Warren Buffet Club (Finance Club)

The main aim of starting the Finance Club was to help students equip with the knowledge and skill sets required for them to become successful financial professionals. The club organizes various technical workshops and activities while creating a platform for members of the club to interact with industry professionals to gain domain-specific insights.

### Philip Kotler Club (Marketing Club)

This club consists of members who come together because of their passion for the art of marketing. They also look at marketing as a science. The club acts as an open bridge between the talented pool of students and the industry.

### Optrac (Operations Club)

The Operations Club was formed to provide a forum for students to discuss and enhance their knowledge and skills in various areas and help them have a holistic career in the field of operations.

### Steve Jobs Club (IT Club)

For students interested in pursuing a career with an amalgamation of business and technology, the IT Club was formed to equip its members with the necessary skills and connections, while working towards increasing their skills and experience by promoting meaningful exchanges with industry experts.

### John Snow Club (Business Analytics Club)

Equipping students to learn how to analyse data and take decisions to solve real-life business problems is why the Business Analytics Club was formed. Students are able to understand the applications of analytics across a wide range of industries as a result of various activities conducted by the club. It enables student members of the club to interact with alumni and industry experts from the field of analytics.

## The Blackbook-Thought Leader Speaker Series

The Blackbook-Thought Leader Speaker Series is an exclusive by-invitation only network of thought leaders around the globe. It is an initiative spearheaded by the leadership of Dayananda Sagar Institutions (DSI). Thought Leadership spreads the horizons of a student's intellect. To this effect, we leverage several forums and create touch-points for our students to interact with business owners, entrepreneurs and subject-matter-experts (SMEs) from the industry.

### C.K. Prahalad Lecture Series

C.K. Prahalad Lecture Series as is forum for students to interact first-hand with business leaders and intellectuals across the industry segments to share their experience of being lead businesses. The Webinar series covered various aspects ranging from Cloud computing, Digital marketing, Artificial intelligence, Security issues at Data centres and the Future of IT in the Post Pandemic scene.

## The Career Guidance Series

The Career Guidance Series is organised to help the students to know the opportunities and skill sets required in various specializations such as Finance, HR, IT, Business Analytics, Marketing. Participation in the event enables the graduates to choose the right career path by exploring opportunities in the interested area.

## TEDxDSCE

TEDxDSCE - TED is formed in the spirit of ideas worth spreading, TEDx is a program of local, self-organized events that bring people together to share a TED-like experience. Our event is called TEDxDSCE, where x = independently organized TED event. At our TEDxDSCE event, TEDTalks video and live speakers will combine to spark deep discussion and connection in a small group.

## Chanakya

Chanakya is a Finance event conducted by the Warren Buffet Club of Department of Management Studies. It is an inter and intra collegiate nance event for aspirants assembling from various Business schools. The competition is organized every year with the objective to provide platform for the students to showcase their talent with a competitive spirit.

## Gestione

Gestione is a Marketing event conducted by the Philip Kotler Club of the department tailored to test the Marketing knowledge of the students in hopes of preparing them for the future.

## The Milana Series

The Milana Series, curated to foster close relations with our Alumni, is a recurring program that enables our students to understand the transformation and acclimatization process that their 'seniors' underwent when embarking on a corporate career.

## Ideathon

Ideathon is an exclusive event which is hosted by our department. It is an event that encourages budding entrepreneurs to utilize the platform to showcase their skills and to present their idea. It ensures each and every student has got the right motivation to venture into new areas and come up with innovation.

## Business Plan Competition

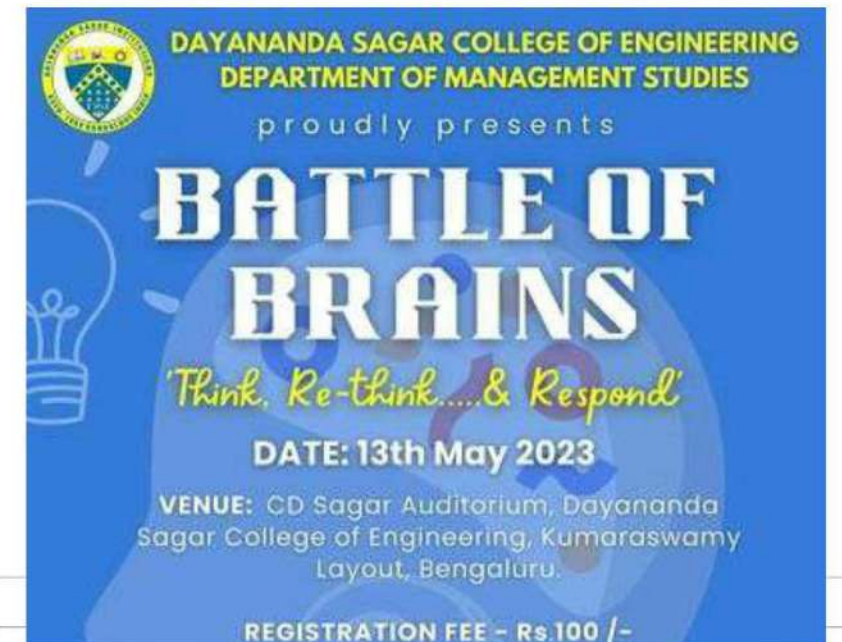

Business Plan Competition is an event that encourages aspiring business owners to utilize the platform to showcase their business idea in detail with the help of a business plan – which is the starting point one want to make sure that the idea generated in mind for a business is feasible and protable as well. It is a very crucial step in an entrepreneur's journey towards having a successful business.

## The Pitch

The Pitch is the finale event for the culmination of all semester long activities that takes place as a part of the Venture Lab program. These activities include Ideathon and Jugaad (an online, real-time Business Quiz).

## UN-PRME- AIM2Flourish

UN-PRME- AIM2Flourish - The integration of environment sustainability into business processes is a critical to the department's futuristic vision. Students are encouraged to identify practices employed by companies that align to the United Nations Sustainable Development Goals (UNSDG). Further, students interact with these corporate leaders and report their path-breaking initiatives on AIM2FLOURISH - a program of the Fowler Center for Business at the Weather head School of Management - Case Western Reserve University.

## Bilancio

Bilancio, an Italian word for Balance, - is an event which mainly focused on the Budget. The event's highlight are Quiz and Power Point Presentation Contest on the current budget and is made mandatory for all Semester-1 students to get an insight of the current activities about the significant step by the Indian Government towards the economic stability of the country.

## Artificial Intelligence Conclave

Artificial Intelligence Conclave is a week-long conclave featuring expert talk on AI and hands-on sessions on Tableau, Power BI, Machine Learning, Deep Learning, Alteryx, JMP, etc.

## Business Analytics Conclave

Business Analytics Conclave is conducted with the aim to provide a platform for students to interact with prominent industrial experts in the field of Business Analytics who share their experiences and current trends in their respective domains to the hidden potential and opportunities present in the field.

## Future-M

Future-M is a Marketing Conclave conducted with the motive of educating and training the managers of tomorrow. Management and engineering students attended this summit has interacted with Marketing Managers, thought Leaders and Industry Experts.

## Boardroom Battles

Boardroom Battles - A Corporate Simulation game that blends strategic decision making with e-mail communication. In this session, the students are split into different groups with each group representing different sectors of a business firm like sales and marketing, quality management, etc. considering a real business, these teams are asked to communicate the problem via email and solve the problem.

## Soft Skill Training

Soft Skill Training organized by Centre for Innovation & Learning (CIL) for I Semester MBA students to provide personality development sessions.

## Avega

Avega is a national level management and cultural fest organized by the Department of Management Studies, Dayananda Sagar College of Engineering.

## MDP on Business Analytics using R-programming

MDP on Business Analytics using R-programming conducted to provide an overview of the business analytics domain for industry representatives, faculty, research scholars and students and provided a hands-on overview of Descriptive Analytics using R-programming and Microsoft Excel.

## Business Hackathon

Business Hackathon event is an opportunity to work on a live business case with lot of details of data for decision making. The teams are supposed to go through case and available dataset to arrive at decisions. The teams have to work throughout the night and submit the video case presentations.

## Finance Festival Series

Finance Festival Series was conducted with the theme of "IPO Information Festival". The festival aimed at providing a platform for all students of Management to understand the key aspects in understanding, judging and evaluating the ongoing Initial Public Offer's (IPO's) in the primary markets.

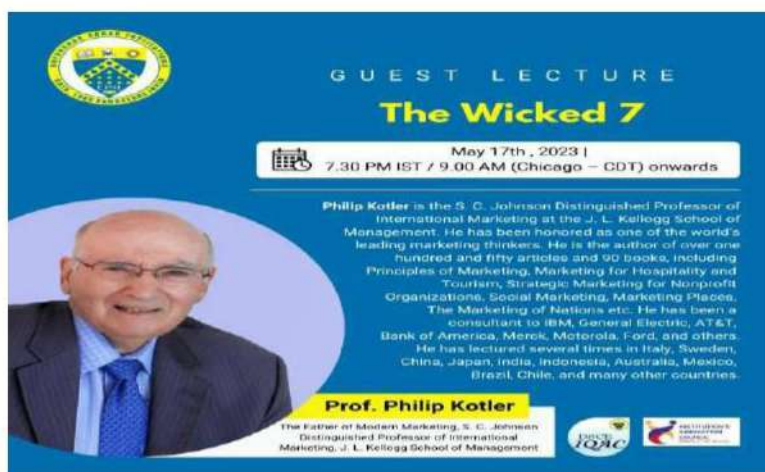

## Battle of Brains

Battle of Brains - the annual Quiz competition conducted by the Dept. of Management Studies. The event is open to all "college" students of DSI and celebrates the culture of quizzing while testing the general knowledge of students across collegiate streams.

## Best Blogger Contest

Best Blogger Contest is organized for MBA students as a part of their writing lab activity. Students were asked to create a blog of their interest and load it with lot of relevant information and be popular among their peer groups and thereby getting a chance to win the title as "DOMS-DSCE -Best Blogger".

*Over the past two-years, over 60+ business leaders from several corporations have addressed our students through Business Bytes - Guest Speaker Series, Knowledge series, Webinars and Guest Lectures, on matters ranging from Business Analytics and Technology, Leadership to Data Science and Go-to-market strategy.*

## Fin-Tech Hub

Department of Management studies, DSCE with the objective of providing MBA students interested in the area of finance to explore, understand and educate in the areas of investment, risk and wealth management and helps to bridge the gap between pedagogy and practice planned to start Fintech Hub which will equip finance students to gain in-depth understanding of financial markets, analytical skills and conceptual theories in financial markets that go into the creation and management of innovative financial products with real time data feed from NSE India, BE, www.sj.com, moneycontrol.com, www.nasdaq.com, Yahoo finance.com etc, money cnn.com/data/markets, NCDEX, MCX etc, and also provide the students with a skill which will enhance their chance of employment.

## Digital Marketing Hub

The Digital Marketing Hub was created by the Department of Management Studies, DSCE in March 2022. The objective of the hub is to promote events of the department on various social media channels. The hub is also involved in handling the official social media channels of the department. Around 22 students of 1st semester MBA were selected as interns and are actively getting trained and working on social media for DOMS-DSCE under the guidance of the coordinator.

## Venture Lab

Venture Lab is created in order to make the students understand how to ideate, create and launch their own venture. It facilitates students to start a new venture based on the business plan.

## VAD Lab

Voice Articulation and Debate Lab is created to make students industry ready by inculcating necessary soft skills. The objective of the lab is to demonstrate various competences in communication skills and critical thinking skills and to build confidence in public speaking.

## Mindfulness - Happiness Project

The Happiness Project – Mental Wellbeing event was organised by Ms. Natasha H Sagar, Joint Secretary, DSI for all the staff, students and faculty members under DSI. It was coordinated by Dr. K. G. Hemalatha and all the faculty of DOMS, DSCE. The Department of Management Studies in association with The Happiness Project coordinated a series of sessions on Mental Wellbeing with the objective of creating awareness on understanding and developing a strong state of mental health and wellbeing.

## Pre-Placement Training

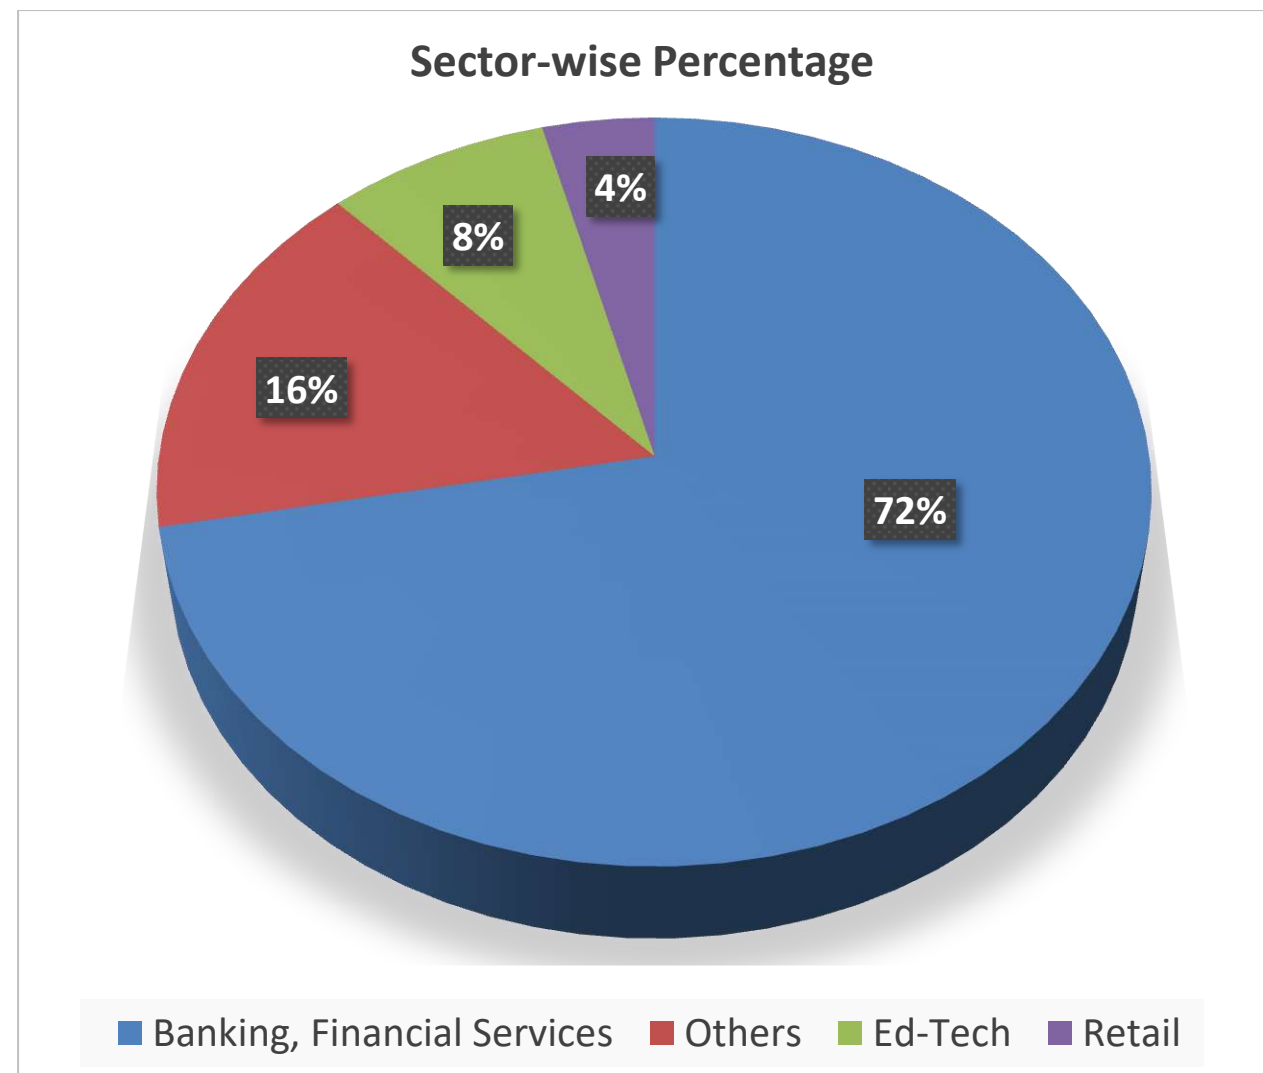

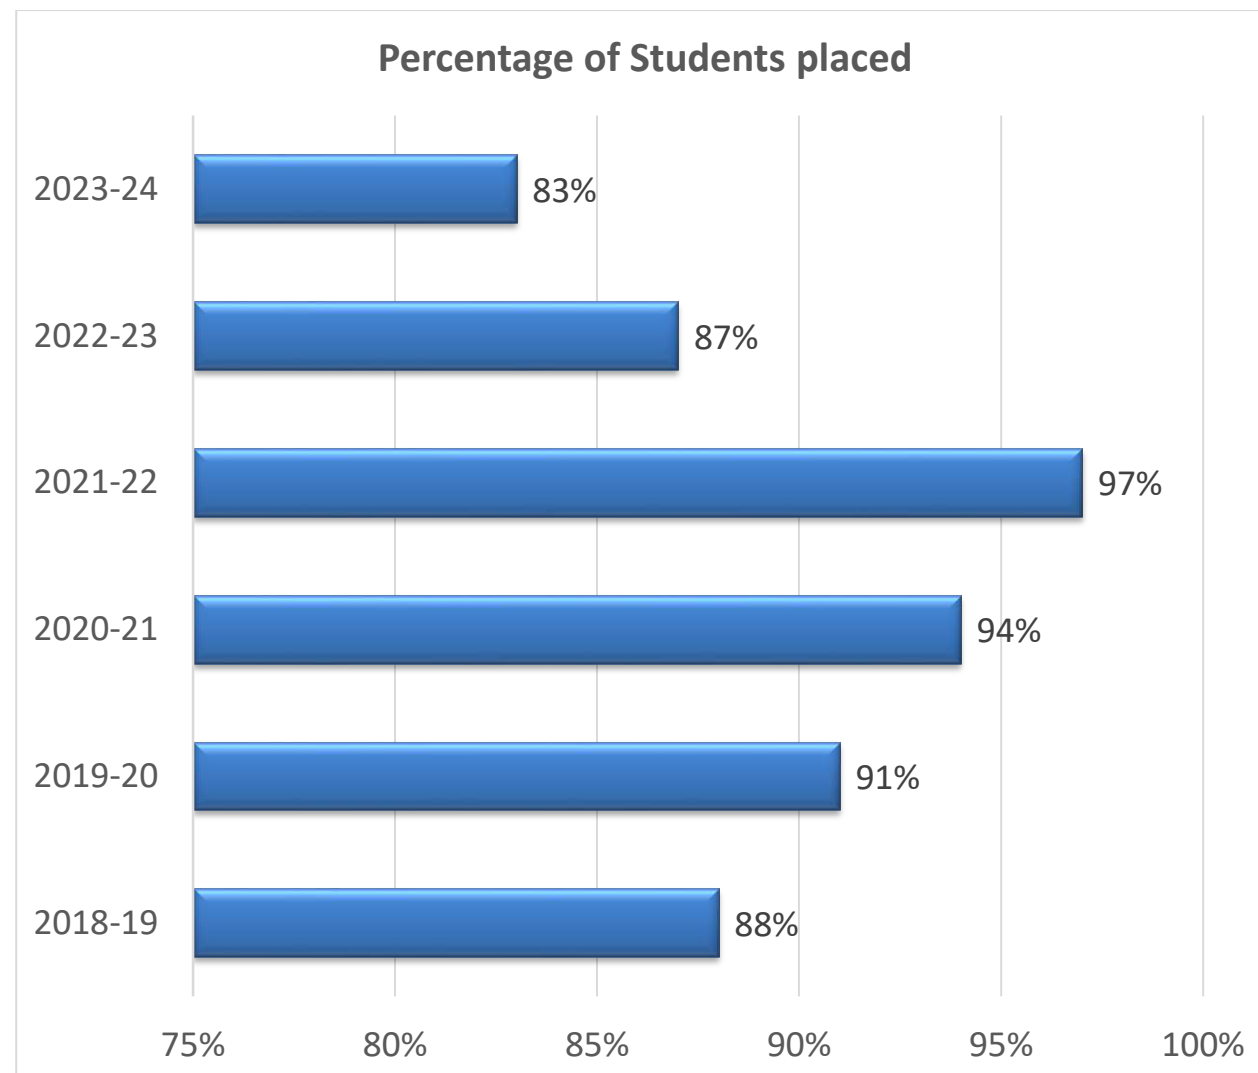

The Training & Placement Cell is committed to impart right skills to students and make them industry ready. Right before the company makes a visit to campus for hiring, students are well trained on different aspects of the interview process. Pre-Placement Training plays a crucial role in successfully placing students in the right companies. These training sessions are fully handled by industry experts and the performance is continually monitored.

## Industry Preparedness Programme

- Aptitude [Quantitative, verbal ability, problem solving, etc]
- Soft Skills [Communication, Negotiation, Personality, Etiquettes, Grooming etc]
- Industry interactions [Career counselling, latest updates on industry]
- Operations and Supply Chain
- Business Analytics
- Marketing
