***The Business School
That Speaks Industry Language***

Firebird Story

Firebird Institute of Research in Management (FIREBIRD) was established to create world-class contemporary management leadership. The ethos of industry relevance was instilled from the very beginning, owing, to its origins in industry. Initially, Firebird served as a vital leadership development initiative within the 2500 crore Bannari Amman Spinning Mills/Shiva Texyarn Group of companies. However, it later evolved to offer a full-time Masters Programme in Management.

The Programme - PGDM + MBA + PGP

The two-year full-time PGDM programme at Firebird Institute of Research in Management is approved by the AICTE and is fully linked with the industry. At Firebird, every student in the programme works under the mentorship of a corporate manager, allowing them to learn the practical side of management from experienced professionals throughout their two years of study. Additionally, students earn a Global MBA from Multimedia University, Malaysia and a PGP from Academic Partners providing industry-integrated specialisations.

Specialisations

- Human Resources
- Marketing
- Finance
- Operations with Supply Chain Management

Industry Integrated Specialisations

- Business Analytics
- Fintech
- Digital Marketing
- Logistics and Supply Chain Management

Global MBA From Multimedia University - Malaysia

With a PGDM approved by AICTE and an additional Global MBA from Multimedia University Malaysia, Firebird Business School offers students a unique and comprehensive educational experience that prepare them for success in both the Indian and Global job markets. Students at Firebird Business School benefit from one-month stay at Multimedia University - Malaysia, where they receive rigorous classes and exposure to the Malaysian corporate world, expanding their global network and enhancing their career prospects.
