Message from Visionary Leaders

Dear Students,

Education in India has always been given prime importance from times immemorial. However, the type of education imparted to youth has undergone change from time to time, to match the needs of the Society.

The year 1947, when India got Independence seems to be a significant bench mark in the history of the Nation, for bringing more changes into the education system to align with the ambitious policies and programmes of the Government to rapidly Industrialise and bring in self sustenance of the economy. Growth of Industry & Business, to create large scale employment required imparting good quality of education. Along with many educational institutes imparting Technical inputs, the need of Management Institutes was quickly recognised.

Bengaluru, which hosts many educational Institutes of repute, has become a prominent place for imparting Management education, with the advantage of providing employment opportunities in various fields to youth from all parts of the country. The Community Group of Institutions with its long standing experience in the field of education started Community Institute of Management Studies more than a decade back, with a Vision of creating academically excellent, professionally trained and well equipped Management students to take up responsible positions in the Society in this era of Globalization.

While I congratulate and compliment many alumni of the institute doing exceedingly well in their professional careers, I invite all the MBA & MCA aspirant candidates to avail the excellent opportunities made available to them at CIMS and build their career paths.

Sri K.M. Nagaraj
Chairman,
CIMS, Bengaluru.

Dear Students,

As we welcome you to CIMS to enhance your capabilities as budding Managers of the future, I would like to emphasize that our mission at CIMS is to groom the young and energetic minds to become the pillars of advancement of not only the Nation, but also the effective managers of the Globe.

Our Institution has been established by a team of dedicated, service oriented personalities with an aim to promote education and culture, amongst youth and enable them to become worthy citizens.

We at CIMS aim to enhance the emotional, intellectual quotient and thus produce humanist management professional.

With the support of an up-to-date curriculum, excellent infrastructure, a team of experienced and enthusiastic faculty, an ambitious management system, we have been providing management education of a very high quality. It has also been our aim to create an atmosphere of innovation, leadership and interpersonal skills. We consider it our moral responsibility to enable our students to face the challenges offered by the new world order.

Let it be my privilege to welcome you to the portal of CIMS. Let us be together & prepare ourselves to take off and scale great heights of academic excellence.

Sri Chikkaiah
Secretary,
CIMS, Bengaluru.

*"Education is the key to unlock
the golden door of freedom"*

Dear Students,

"We cannot always build the future for our youth, but we can build our youth for the future." - **Franklin D. Roosevelt**

These words by Franklin D. Roosevelt perfectly describe our aim at Community Institute of Management Studies.

Beyond providing a sound education, we wish to provide our students a holistic learning experience for life. Our aim is to teach students to LEARN, not just STUDY. Hence, we strive to travel beyond the boundaries of mere books. We have realized that the future is abstract and unknown but the youth in our hands are real and can be moulded.

Dear students, "You are the nation-builders. You are the movers of technology. You are the agents of change." It is our fervent hope that the years that you spend in CIMS would enable you to equip with leadership and managerial skills. The knowledge that you will gain, the fine qualities that you will imbibe and technical skills that you will learn to apply will be your major contribution to your family, society and the nation.

We invest our trust on you. You are our safe source and we bank all our efforts on you. We create not the future, instead we craft you for the future. There are strong challenges to great efforts but always remember, great effort bears the sweet fruit of success. We want you to taste the fruit of success once and for the rest of your life, you will never rest.

"You don't have to be great to start, but you have to start to be great." I would like to take up this opportunity to invite you to visit our CIMS campus and explore for yourself, What this institute could mean to you.

Dr. Mahesh Kumar K. R.
Director,
CIMS, Bengaluru.

ABOUT INSTITUTION

The Community Centre, which is the parent body of CIMS, has been synonymous with education for more than half a century. Understanding the need of quality education for Independent India, Community Group of Educational Institutions was started in **1956**. Equality being one of its driving principles, the trust is providing quality education to all students since inception.

Community Institute of Management Studies (CIMS) Bengaluru, is a leading educational institute offering quality management education to future business leaders. CIMS was established in the year 2007. CIMS has a beautiful campus, which is surrounded by tree-lined streets and abundant greenery. CIMS is located in the **heart of the city, JAYANAGAR - one of the most popular areas of Bengaluru**. The well designed locality is one of the best planned layouts and also the largest in Asia. CIMS has positioned itself as a Popular Management Institute imparting Management education - MBA / MCA affiliated to Bengaluru City University. CIMS provides management education to meet the aspirations of the student community on one hand and meet the expectations of business and industry on the other. A congenial ambience for overall development at institute welcomes students for acquiring high quality management education at a most affordable cost.

It was an immense pleasure to be a part of CIMS journey. The culture at our college have fostered the sharing of ideas, critical discussions, and collaboration among students and faculty across a wide range of interests. Students were encouraged to explore and experiment, which allowed each student to find his/her niche of interest. I felt empowered, motivated and encouraged to never limit myself to the level of success I can achieve. The MBA Department are designed to equip practicing managers to act as agents of change in effective decision making. CIMS contributing towards

the expansion of knowledge base in its field of endeavors - through research, through innovation in management theory, practice and new initiatives across the globe. They have taken the initiative of making a bright future of the students and are moving ahead in progression. It is their planned preparation helped me to grab an opportunity with PROPELLED Company.

Thanks again for being a great contributor towards the development of my life's personality.

"A child without education is like a bird without wings". My journey at CIMS has been transformative. I'm grateful for the opportunities CIMS has offered. The dedicated faculty and diverse students have made my learning experience enriching and memorable. The challenging curriculum and collaborative environment have prepared me for success beyond the classroom. The faculty's dedication to student success is evident in their personalized guidance.

Through internships and research opportunities, I gained practical insights that complemented classroom learning. The CIMS campus culture promotes collaborations, turning education into a collaborative adventure rather than a solitary pursuit. The placement support at CIMS was exceptional. I am happy to say that I have been placed in ANZ. My sincere appreciation to the management, Director, teaching Staff's and the placement department for being supportive.

The college is very good with supportive and friendly faculty. Faculty members have good knowledge about industry and they pass it on to students which is very helpful and they always encourage the students to develop and improve soft skills. Faculty members and students have fun together. The college also conducts many co-curricular activities, arranges industrial visits, conducts national level fest and also provides opportunities to attend many fests. Participating in different events and showcasing our talent in

academic as well as sports and extracurricular activities enhance the experience. The placement in college is good and placement head keep us updated on various vacancies and follow up is also done after students join the company. Overall, my journey in CIMS was very good and I am really happy that I joined CIMS.

My MBA with CIMS was one of the enjoyable experiences of my life. CIMS gives a great opportunity to increase student's knowledge beyond their field of studies through a competitive multi cultural environment. The friendly temperament of the professors and their readiness to always offer assistance has made me feel like a family. Their words, teachings and incredible support augmented values in my life. CIMS is a place of fun, learning, sports, culture, love, literature and many such life preaching activities. My MBA at CIMS brought knowledge, confidence, morale, clarity of thought, courage

and integrity to me and my goals. Overall personality development was immense throughout the course with weekly multi variate events for the same. The support from staff within college and the many online resources available has really helped not only for academic work but also empowered us to grow in the competitive environment.

Attending the Community Institute of Management Studies (CIMS) was a transformative experience marked by a dynamic academic atmosphere. The dedicated faculty played a pivotal role in shaping my educational journey, offering not just knowledge but also mentorship that fueled my passion for learning. The vibrancy of the academic environment created an optimal setting for intellectual growth, encouraging me to explore new ideas and challenge myself. The connections forged during my time at CIMS extended beyond the classroom, presenting me with invaluable networking opportunities that are essential for

personal and professional growth. The blend of academic rigor, cultural diversity, and a nurturing support system has equipped me with the skills and confidence needed to navigate the complexities of the professional world. CIMS has been more than an educational institution; it has been a catalyst for personal and intellectual growth, setting the foundation for a successful and fulfilling future.

My experience at Community Institute of Management Studies has been nothing short of exceptional. The college's dedicated faculty not only imparted theoretical knowledge but also encouraged practical application through various industry-oriented projects. I have witnessed an enormous growth curve in myself, not just in academics, but in every aspect of my life while studying in a positive, lively, and peaceful environment at CIMS. This hands-on approach significantly enhanced my understanding and prepared me for the corporate world. The college's placement cell

deserves commendation for their unwavering support. They conducted numerous workshops, mock interviews, and resume-building sessions, which immensely boosted my confidence during placements. Thanks to their guidance and the skills nurtured at the institute, I'm indebted to the college for not just providing education but for shaping me into a competent professional ready to take on real-world challenges.

CIMS College has been a great contributor to the development of my personality. I have established my leadership, time management, and team skills and have also been able to advance these skills. The best thing about this college is the cross-culture interaction between students from various parts of the world. The professors here make the college what it is today. With an attitude of being ever ready to help, and not only delivering classroom teachings, but they are also the pillars of the learning gained from this esteemed college and this is a

treasure for life. Our department conducted various activities every month, which strongly built our skills and collected a lot of achievements. The placement cell provides a lot of training and development to achieve a good job, I have been placed in EY. CIMS college opens the door to success and the faculty holds it for us, we enter through the door and achieve the fruit of success.

To pursue MBA from Community institute of management studies was the best decision I have ever made. Our college is well equipped with facilities that brings about the best in us. The homely environment, co-operative seniors and dedicating teachers makes the Master of Business administration Fresher students feel that they have selected the exact and the best college for their master's degree. College has Best Facilities and all faculties are well qualified and teaching pedagogy is very good. The teaching methodologies backed by

practical skills and industry interface has given me the confidence to pursue my career ahead. Placement cell has very well ensured that all the students make the best of opportunities available and made sure that maximum students get placed. I am proud to be called as CIMS student. I wish a very good luck to the upcoming batches of my college.

As a student from outside of Karnataka, Joining in CIMS was a pretty good decision. The facilities and environment CIMS provide for out station students are heartwarming. CIMS gave us an environment to not only learn the subjects, but also to implement the knowledge and skills in practical world to gain real life experience. The curriculum is designed in a manner that it helps us to learn new things, theoretically as well as practically. It includes the latest developments in the field of

engineering. Teachers help us in all the best possible ways and relate things with day-to-day examples so that we can learn faster. The strong relationship CIMS have with the Alumni and industry experts, helps them to upgrade the system and update the students on a regular basis. Overall CIMS has created an holistic learning environment for the Students. CIMS has not only gave me an opportunity to learn the new skills and gain knowledge. But also an to create many beautiful memories which will be cherished lifelong!

EARN WHILE YOU LEARN !

A Unique Opportunity For CIMS Students

					
					
					
					

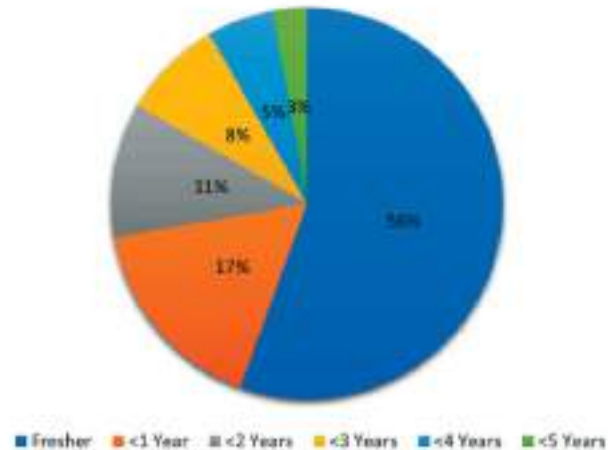

An internship can be a method of on-the-job training for white-collar and professional careers. An internship consists of an exchange of services for experience between the student and an organization. Students can also use an internship to determine if they have an interest in a particular career, create a network of contacts.

Internship opportunities are career specific, CIMS students often choose internships based on their branch of study at Bengaluru City University. Students often see it as a way to develop their capabilities by practically applying the academic elements of their MBA / MCA degree and as an opportunity to learn about the work environment. It is common that previous interns would become employees to the organization once they have acquired the necessary skills and experience.
