About Delhi Skill and Entrepreneurship University

History: The Delhi Skill and Entrepreneurship University Act, 2019, was passed by the Legislative Assembly of the National Capital Territory of Delhi on December 3, 2019, and received the assent of the Lt. Governor of Delhi on February 26, 2020 (Delhi Act 04 of 2020). It was subsequently notified in the Delhi Gazette on May 26, 2020, and subsequently the establishment was notified in the Delhi Gazette on August 14, 2020 with the establishment date as August 15, 2020. DSEU commenced its operations on October 8, 2020, when the Founder Vice-Chancellor assumed the office. Therefore, October 8, 2020, is celebrated as the Foundation Day of DSEU.

Concept: Delhi Skill and Entrepreneurship University (DSEU) is a landmark initiative by the Government of the National Capital Territory (NCT) of Delhi. The goal was to create an institution that would bridge the gap between education and employment by offering industry aligned skill development programs. The university was also envisioned as a hub for skill training, entrepreneurship, and innovation, catering to the needs of students, working professionals, and industries. The regular academic programs at DSEU aim to bridge the gap between academic knowledge and real-world business challenges.

DSEU launched its first batch of programs in August 2021, offering courses in areas like IT, healthcare, retail, tourism, and entrepreneurship in addition to diploma and graduation programs running at erstwhile institutes merged into DSEU. It has quickly emerged as a leading institution in the field of skill-based education. It has been ranked Second in the Outlook Ranking of Skill Universities in India (scoring 779.4 out of 1000) and first if only State Funded Universities are undertaken.

DSEU is committed to offering skill-based, high-quality education to students. As a new and emerging university, we may not yet compete the longstanding institutions and Universities. However, we are committed to providing courses with a practical focus and real-world relevance. We recognize that in today's rapidly advancing technological landscape, there is an increasing demand for skilled professionals. Therefore, we believe that investing in quality education is crucial to keep India's workforce competitive in the global economy. By providing specialized education in diverse fields of skill education, we aim to equip our students with the knowledge and competencies in their chosen careers.
