CENTRE FOR MANAGEMENT DEVELOPMENT

THE INSTITUTE

Centre for Management Development was set up in the year 1983 as per the vision of noted philanthropist & industrialist Dr. K. N. Modi. For him, responsible corporate citizenship meant much more than becoming established business leaders in the chosen area of endeavor. To him it involved nurturing of excellence, the creation of a talent base and a resource pool that would broaden the horizon of Indian enterprise and its eminence in worlds arena by exploring avenues that will enable individuals to fully realize their potential. These budding managers would enrich the national fabric and propagate these ideals for posterity. With this as a guiding force behind CMD, the modest genesis made in 1983, has over course of 42 years blossomed into one of Northern India's premier Management Institutes.

The mantle of guidance has now moved over to Dr. D. K. Modi and under his visionary leadership, CMD has further developed as an institution of excellence for providing Management Education, Training and Development, Research and Consultancy. The primary focus is on preparing the next generation of global managers who would accept the challenges of today and tomorrow in Indian and global scenarios. A unique feature of CMD philosophy is to orient the interaction with industry executives into an exchange of academia and practicing managers on a real time basis. The 3600+ strong body of CMD Alumni is making the difference in business and industry, both in India and abroad.

SELECTION PROCEDURE

Candidates aspiring to join the institute's MBA programme are required to appear in Management, MAT/UPSEE Exam Conducted by AKTU. The candidates have to apply to the Institute simultaneously. Candidates who have appeared in CAT/XAT/MAT/CUET-PG /GMAT/CMAT etc can also apply for admission to CMD. The candidates short listed on the basis of their score in MAT/CUET-PG or other such tests undergo group discussion and personal interview at CMD. The evaluation criteria include communication skills, leadership qualities, conceptual clarity and decision making capabilities. The candidates successful in these tests are offered admission to institute's MBA programme to be further developed as excellent management professionals.

CURRICULUM

For systematic learning, the programme is broken into Four Semesters, each comprising of a set of detailed courses. The curriculum is imparted through the interdisciplinary thrust and participatory learning experience. Since knowledge and skills are subject to an accelerated rate of obsolescence in a rapidly changing environment, curriculum design at CMD is dynamic.

Accordingly, students also receive focused inputs about emerging fields of management domain. Some of these are: Digital Marketing Customer Relationship Management (eCRM), Retail Management and eRetailing, Supply Chain Management, Rural Marketing, Insurance and Actuarial Science/HRM, Computerized Financial Packages, ISO 9000 and QS 14000 Specifications, etc.

LIVE PROJECTS

The purpose of live projects is to give students professional management experience that will help them at the beginning of their careers and long-term. In this way, students get a mix of hands-on work experience and get to see how the corporate world works before they actually get into it. When working on a live project, there is an opportunity for students to specify a specific domain and select a project that fits their area of interest. Additionally, they are able to meet professionals and discuss the project with them.
